Crockpot Basics

Fill it right. Keep the pot between half and two-thirds full for even cooking.

Resist the peek. Every time you lift the lid, you lose heat and add about 20 minutes.

LOW vs HIGH. 1 hour on HIGH is roughly equal to 2 hours on LOW. LOW gives the most tender meat.

Thaw first. Always thaw meat in the fridge before slow cooking for food safety.

Add late. Dairy, pasta, peas and fresh herbs go in during the last 15-30 minutes.

Use liners. Slow cooker liners make cleanup quick, especially for sticky sauces.

Thicken sauces. Whisk 2 tbsp cornstarch with 2 tbsp cold water and cook 15 minutes on HIGH.

Safe storage. Refrigerate leftovers within 2 hours; reheat on the stove or microwave, not in the crockpot.
